PREVENTING FOREST FIRES IS OUR RESPONSIBILITY

Costs of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545.00. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634.00. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2200 acres burned. Residences, farms, and other business places were threatened with possible total destruction.

Carelessly set man caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules.

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry windy weather and preferably burning late in the day.
4. Have something to keep the fire under control — pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to install in the child's mind a respect for fire.

Keep our town safe from fire.

In 1962 we had 4 fires.

We burned 33 acres.

Permits issued, 212.

RICHARD PRICE,
Forest Fire Warden.

ROBERT W. SMITH,
District Fire Chief.

Tribute to Olive Brett Besse

Moved that this 1962 Gilmanton School District meeting express its deep appreciation for the excellent thirteen years of devotion to the schools and children of Gilmanton shown by Olive Brett Besse since becoming a member of the School Board on March 1, 1949.

She has showed a keen personal interest in the welfare of the pupils and the problems of the schools. She was very instrumental in the remodeling of the Corner School through the Academy Fund, the addition to the Iron Works School, the placing of a fire escape at the Corner School, the introduction of an oil burner, the repairs of both schools, the transportation of high school pupils, — with one of her best accomplishments the introduction, equipping and continual development of the school lunch program.

The district will always remember her personal sacrifice in giving these years of service to the children of her community. She represented the people of Gilmanton with this key responsibility as a trustee of our heritage in the future of America through public education.

It is also moved that this motion be inserted in the 1962 Gilmanton report as testimony of our respect and thanks for the services of Olive Brett Besse as a guardian of our greatest treasure, — our children.

This motion was voted on unanimously. This to be inserted in 1963 report.

All officers took oath of office as law prescribes.

Voted to adjourn.

FLORENCE BORDEAU,
Clerk.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the School Board, Parents and Citizens:

This report includes the statistical information necessary for the educational history of the town.

The school enrollments of the two schools remains at approximately the same numbers for several years and the census figures do not show trends leading to any overcrowded conditions.

The three largest items in the school budget are teachers' salaries, tuition and transportation. The transportation costs are very low in comparison with other communities. The district made an excellent educational advance when it was decided to have the high school bus cover Belmont High School as well as Laconia High School. The enrollment at Belmont has greatly increased and the Belmont High School has made tremendous advances in the last two years with a modern curricula in college, commercial, shop, home economics, and general courses. The classes are small in number with the opportunity of individual assistance. The district also pays transportation costs of pupils wishing to attend other high schools.

The tuition rates will continue to rise for high school pupils. The Laconia rate for 1963-1964 will be \$426, the Belmont rate \$380, and the Pittsfield rate \$426.

The teachers' salaries will continue to rise. The state average for grades 1-8 teachers for 1963-1964 is \$4900. Beginning teachers for next year who are college graduates are asking \$4200.

The Gilmanton School Board has been very cognizant of the needs of the schools and has furnished excellent textbooks, supplies and educational equipment. It has also done an excellent job in keeping the schools in repairs and in the best possible condition.

May I express my appreciation to the members of the School Board, the Parent-Teacher Associations, the teachers, the cafeteria workers, the bus operators, and all parents and citizens for their cooperation with the Gilman School.

Cordially yours,

GORDON L. FOX,
Superintendent of Schools.
